ARO

ARO BL. KRION CEN BL. KRION 195X80
100170992

Water is the central element of this series inspired by the Japanese tea ceremony. The deep concave shapes of the different elements of the ARO collection are reminiscent of the porcelain bowls used in this ritual. Under this premise, estudi{H}ac redefines an ancestral tradition with a modern design which shapes the innovative material of the compact mineral Krion®, based on subtle, natural and clean lines in semi-circular forms which are warm to the touch. A flat strip in the shape of a ring marks the different elements, evoking the hands of the host offering tea to their guest, in the same way as the bath offers water for intimate personal use.

Description

195x80 cm free-standing bathtub made of Krion, white arch, centered drain, with overflow and without taps. Includes Krion shelf, syphon and drain with chrome cover.

Features

- Made in KRION®
- Easy clean
- Easy maintenance
- Chemical resistance
- Anti-bacteria
- Repairable
- Length x Width: 1962x811 mm
- Includes drain and syphon
